Radio 'Talks' Neon Trees: It Started With A Whisper

Neon Trees' "Everybody Talks" reaches the top 10 of Billboard's Nielsen BDS-based Mainstream Top 40 chart in its 19th week, rising 11-8 (while holding at No. 2 on Adult Top 40 in its 22nd frame). The climb ties for the longest this year to the Mainstream Top 40 list's top bracket with Gavin DeGraw's "Not Over You" and Demi Lovato's "Give Your Heart a Break" (the latter song currently at No. 3).

What's behind the three songs' steady ascents to the top 10? Lovato is logging her first visit to the region. She hasn't risen higher than No. 33 in her previous appearance as a lead act (with last year's "Skyscraper"), so programmers may not have necessarily been inclined to fast-track a song up the tally by an artist as yet unproven at the format.

In the cases of DeGraw and Neon Trees, each act had previously reached the top tier. Neon Trees sent their introductory hit, "Animal," to No. 7 in 2010, while DeGraw led the list on his first try with "I Don't Want to Be" in 2005 and returned to the top 10 with "In Love With a Girl" (No. 10) in 2008.

"Not Over You" peaked at No. 9 in March.

Key to the eventual top 10 placements of DeGraw and Neon Trees' singles this year are their pop/rock textures. As dance/pop remains the dominant style at mainstream top 40, rock-leaning tracks—

"Talks" reached No. 7 on Alternative in April—can help keep top 40's musical menu at its trademark varied best.

"When we initially started spinning 'Talks,' our intention was to balance out the abundance of Pitbull, Rihanna and Katy Perry product on the air," WDJQ Canton, Ohio, PD John Stewart says. "Plus, the hook is massive.

"I'm loving the fact that top songs at alternative, from Gotye ["Somebody That I Used to Know"] and fun. ["We Are Young," "Some Nights"] to the Lumineers ["Ho Hey"] and Imagine Dragons ["It's Time"], are crossing over to top 40. It's good for the format."

Billboard's Mainstream Top 40, Rhythmic and Adult Top 40 charts rank total weekly plays (for the week ending Sunday) on 139, 69 and 82 stations, respectively, as monitored 24 hours a day, seven days a week by Nielsen BDS. Titles receive bullets if even or gaining in weekly plays. Average Plays per Station reflects Mainstream Top 40 titles' weekly plays totals divided by the number of stations on which they received airplay in the chart's tracking week. Greatest Gainers reflect titles with the top weekly increases in plays. New and Active lists the top titles gaining in plays below the Mainstream Top 40 chart. Chart data presented in this update is preliminary and subject to change, pending final review by Billboard and BDS. Finalized charts can be viewed on Monday afternoon via Nielsen BDS' subscription platforms or via subscription to www.billboardplus.com. © 2012, Prometheus Global Media, LLC and Nielsen BDS, Inc.
